

# Fall Fun Printables

{Kindergarten Version}

Thanks so much for stopping by my site and downloading this file. I hope that you and your child have **MUCH** fun together using this free resource! You can find all of my files and links for this unit on this webpage:

<http://homeschoolcreations.com/FallFunLearningPrintables.html>

This pack contains early learning printables to use with your child when studying about autumn. The first half of the kit focuses on skills for younger children and the second includes pages for more advanced preschoolers or kindergarteners. I would highly recommend printing the activities from this set onto cardstock so that they are sturdier for younger hands.

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

# what comes next?

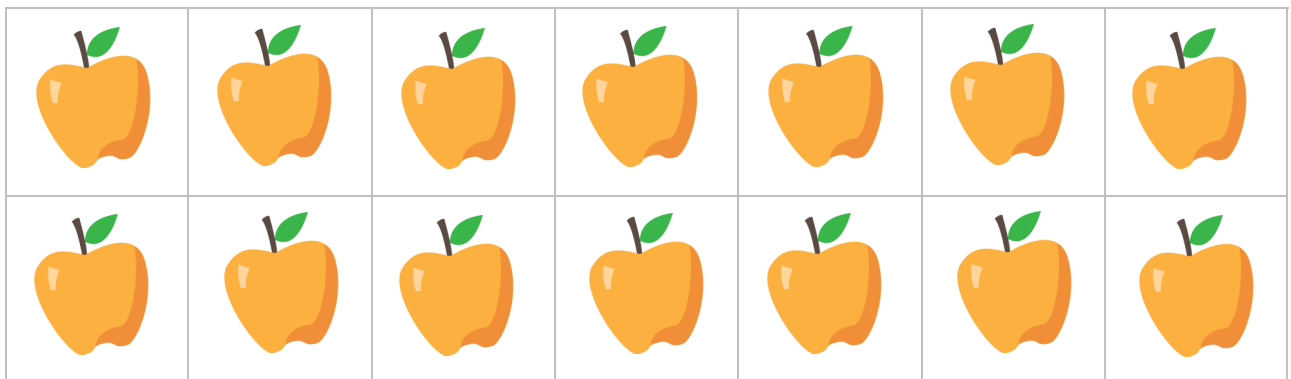

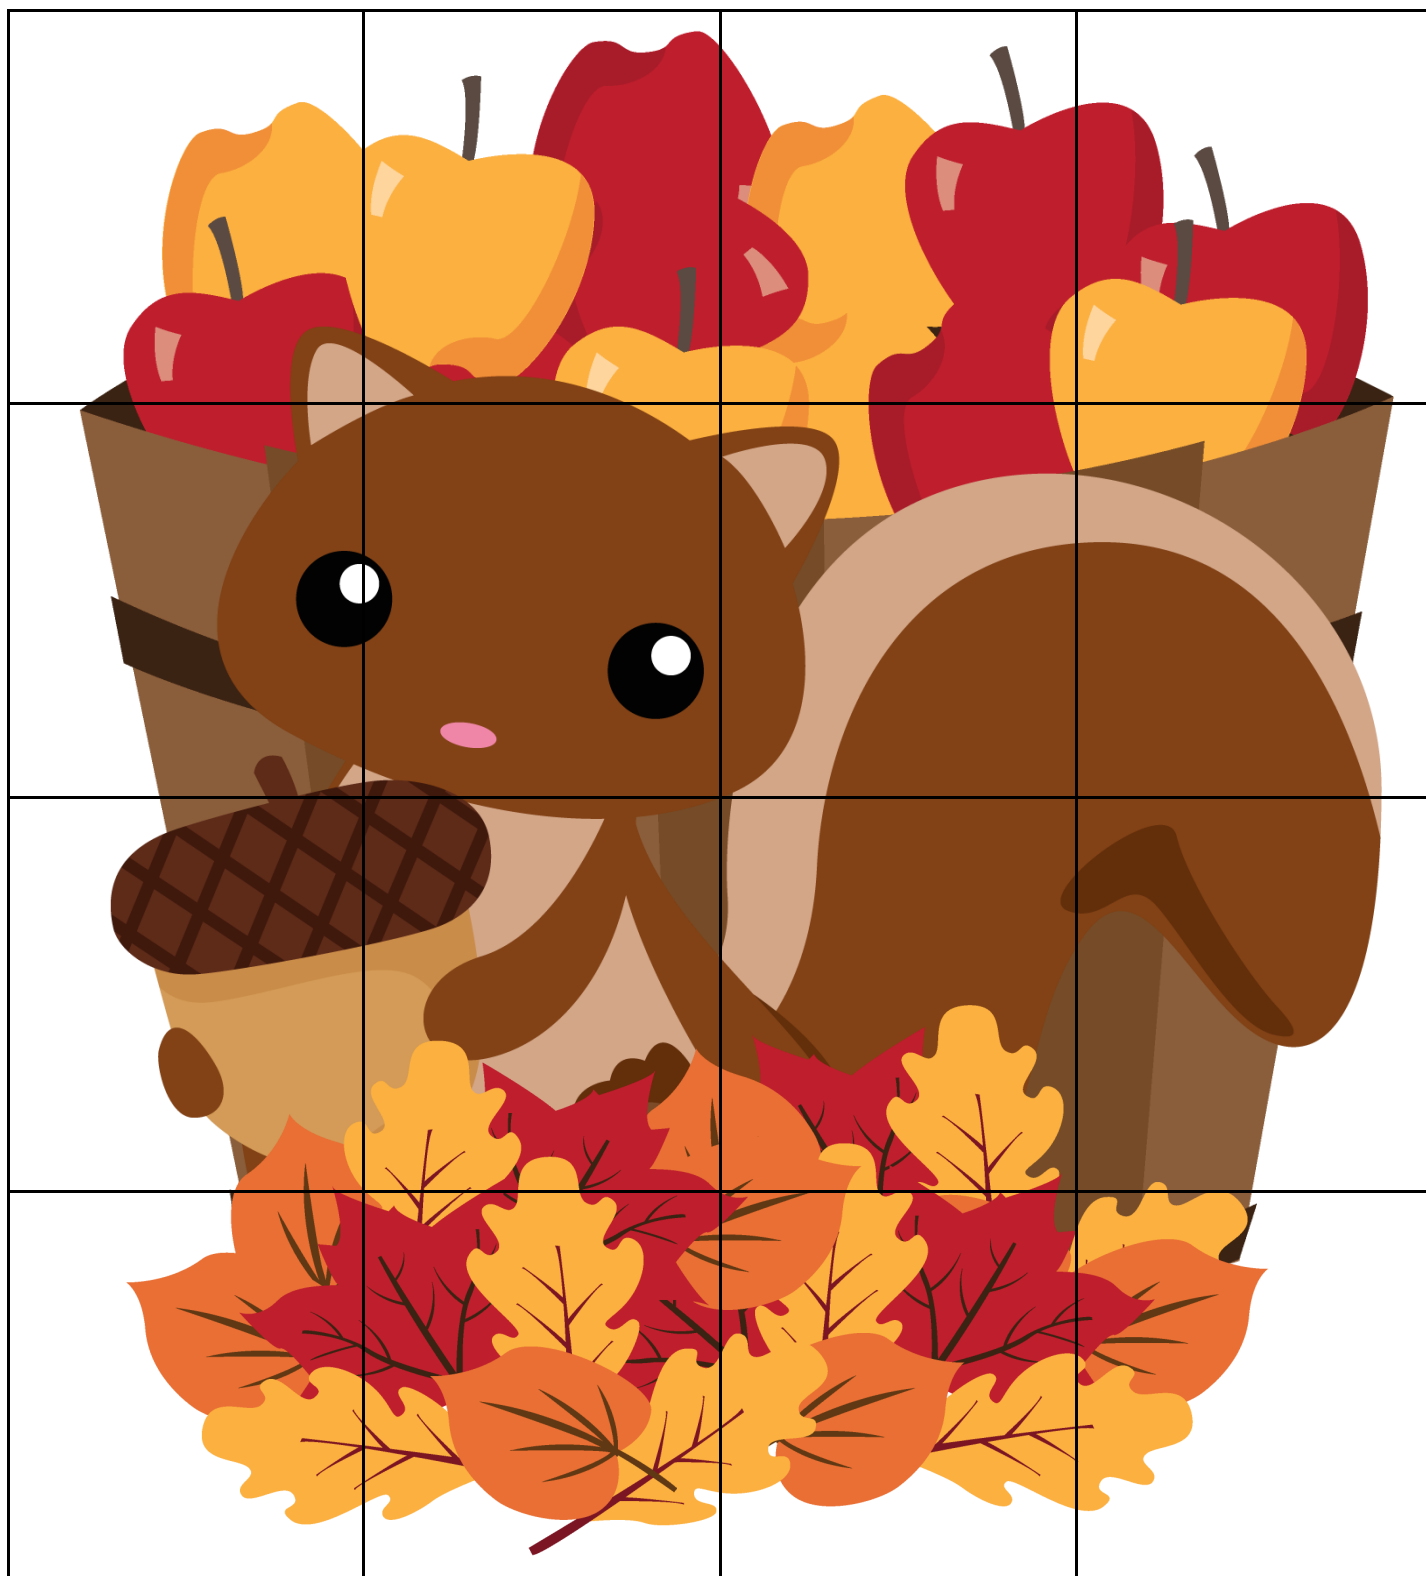

# APPLE ADDition

Cut out the pieces of popcorn and numbers below to use as hands on pieces when adding popcorn pieces. There are enough pieces that you can practice addition problems up to 10! Instead of using the apples below, you can always use small pieces of playdough.

0	1	2	3	4	5
0	6	7	8	9	10
0	1	2	3	4	5

Depending on your child's abilities, you can gradually increase the difficulty of the puzzle. Start by cutting the puzzle into strips and then into smaller and smaller pieces.

Print, laminate and cut out. Have your child either clip a clothespin to the correct number or use a dry erase marker to circle the correct number.

# Fall Counting

## Directional Words and Word Recognition

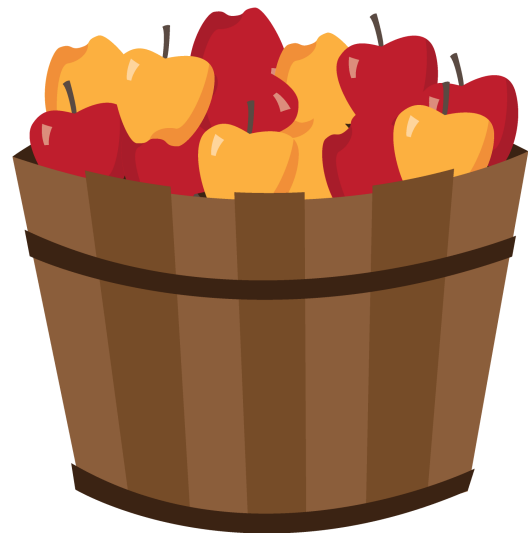

Print out the following pages {a mini-reader of sorts}. Cut each sheet of paper in half and then staple the pages together. Cut out the clip art below and have your child glue the appropriate pieces to the story pages. Use the vocabulary word sheet to help your child identify some of the words in the story if needed.

# Where is the Apple?

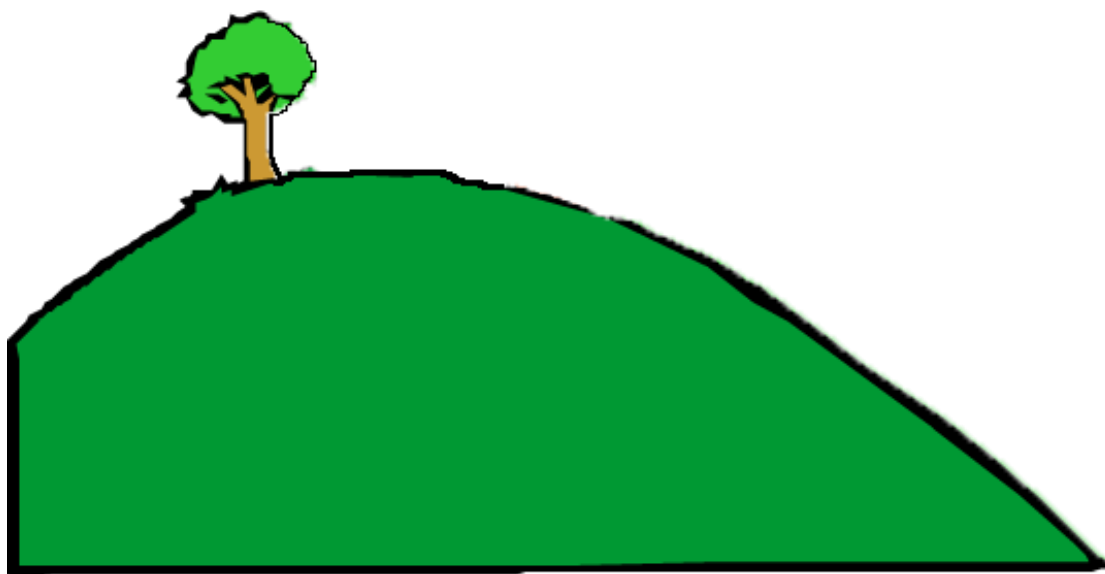

The apple is **under** the tree.

The apple is **next to** the bushel basket.

The apple is rolling **down** the hill.

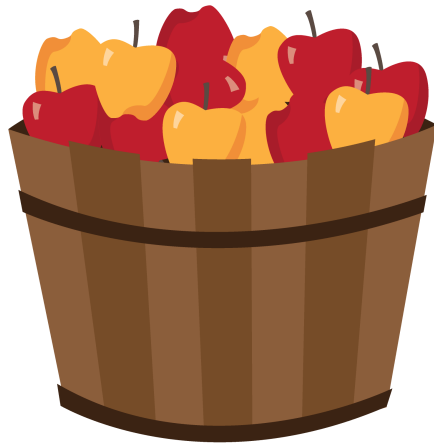

The apple is **behind** the squirrel.

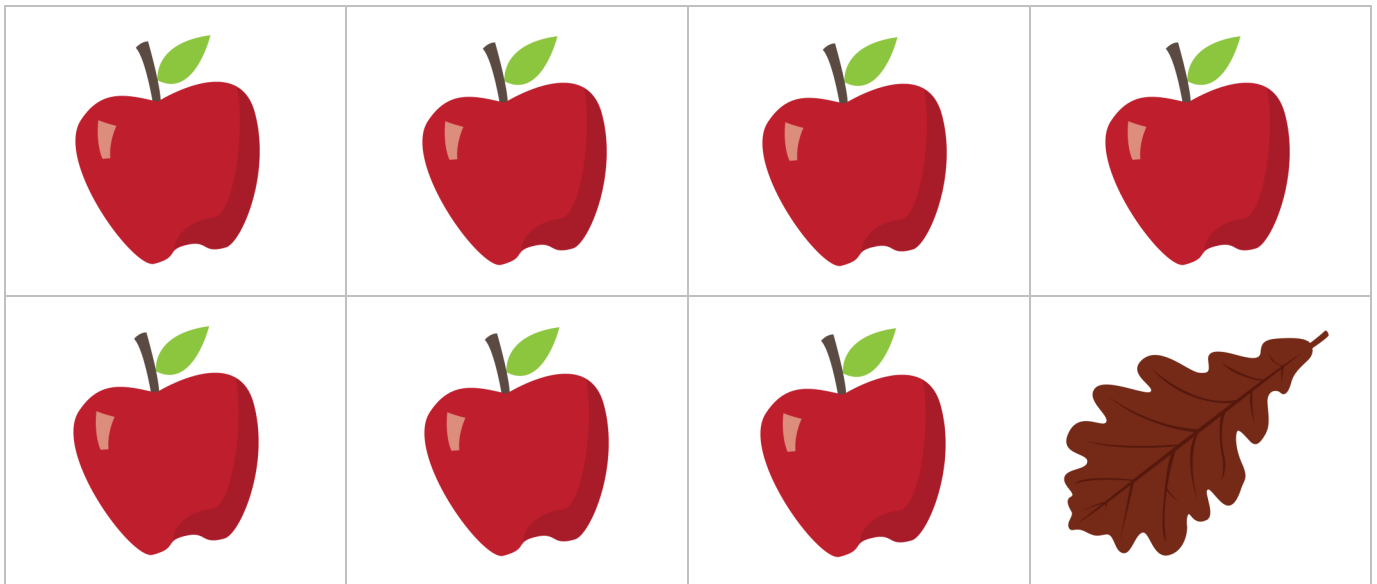

The apple is **under** the leaf.

The apple is **near** the scarecrow.

The apple is **on top of** the pile.

Cut out the dice template below, fold on the dotted lines and tape/glue together to make dice. Have your child roll the dice and then fill in a square of picture that was rolled until one of the colors reaches 10!

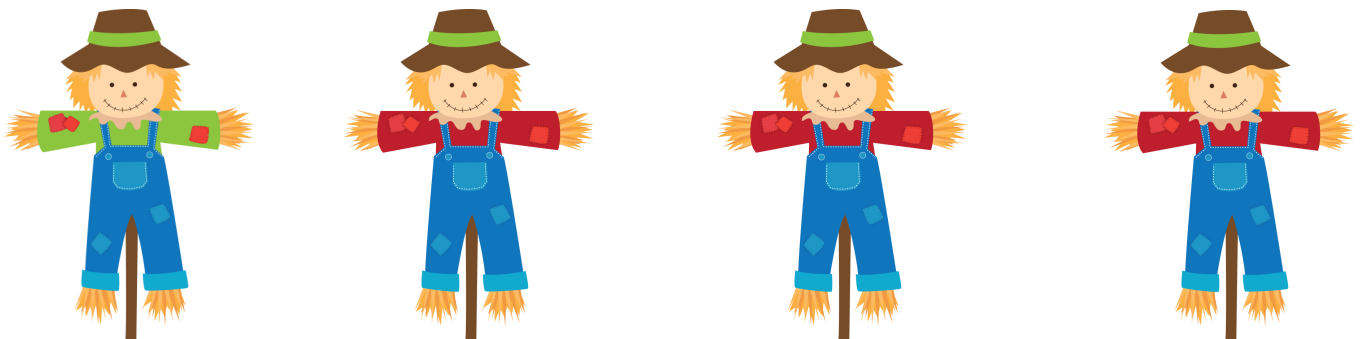

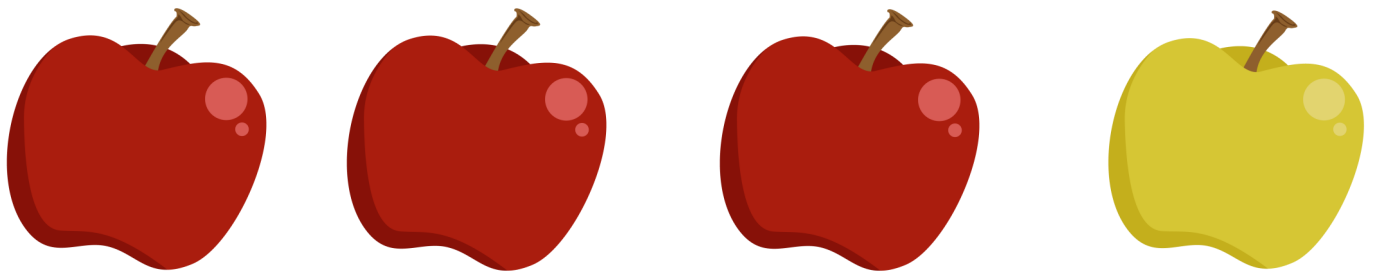

# Connect the Dots

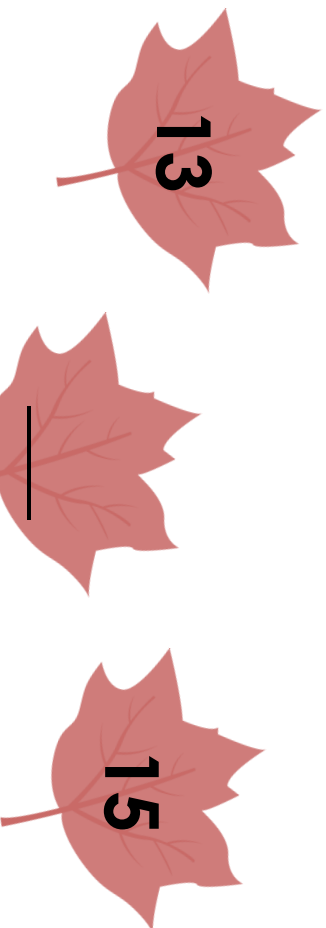

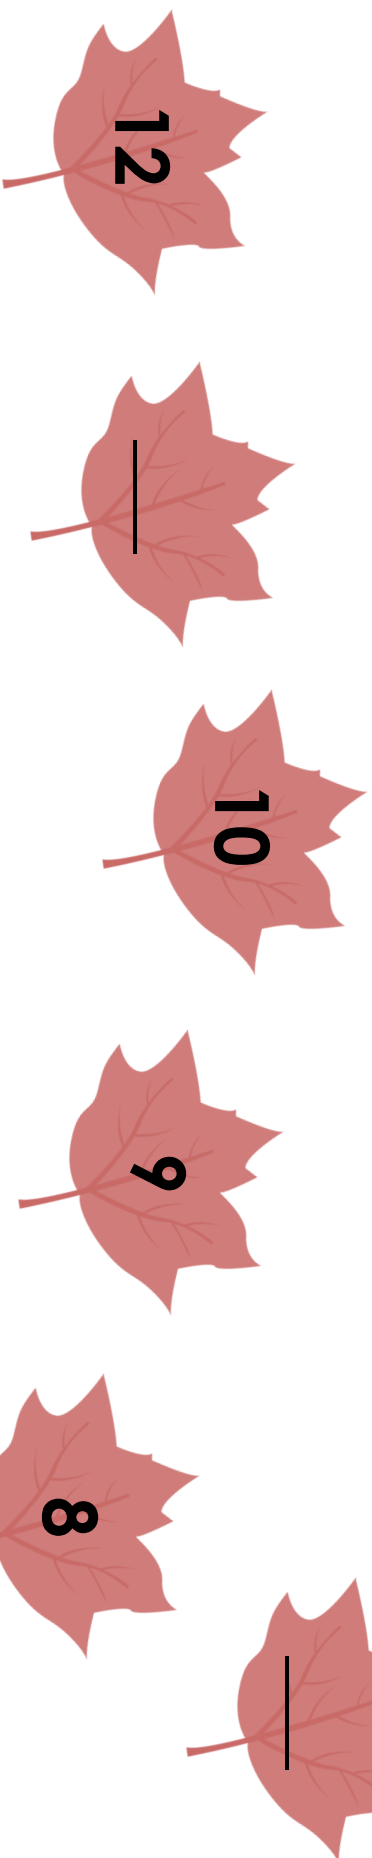

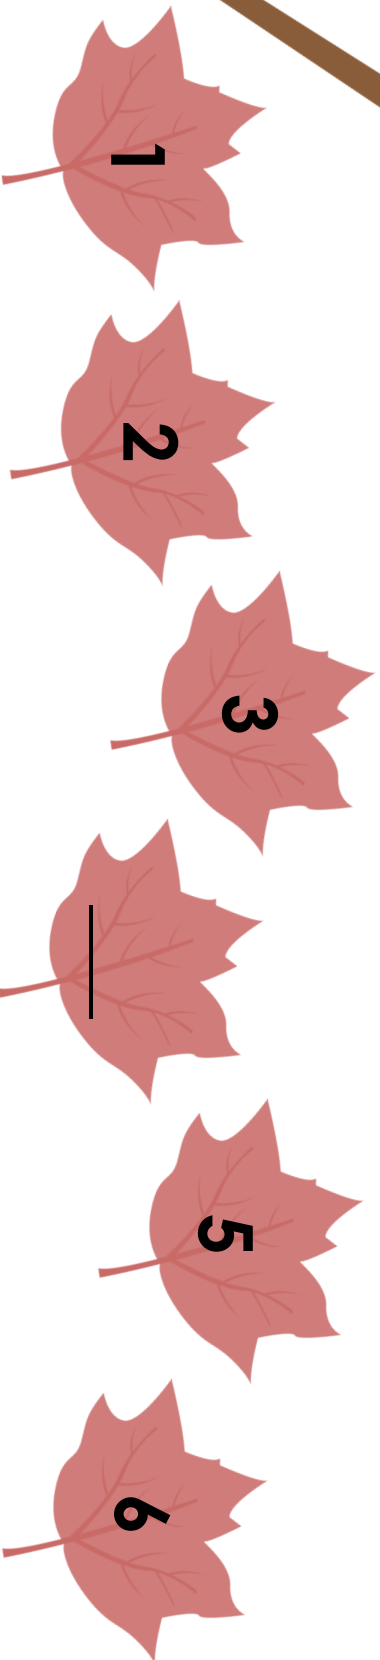

Connect the dots from 0 to 10 and then color the picture when you are done!

circle the one that is different

Rake the leaves up into the pile ~ find the pile by filling in the missing numbers.

# Find the Words

Can you find these words in the story that you read?

A	yum	was
leaf	for	acorn
big	the	He
under	in	red
a	yellow	pile

# Fun in the Leaves

A squirrel was looking for a

big, yummy acorn. He looked

under a red leaf. He looked

under a yellow leaf. He found

the acorn in a leaf pile. Yum!
