DRAW SPIDER-MAN!

MARVEL DRAW!

Follow these steps to draw Spidey's head like the pros!

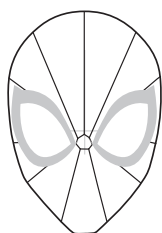

STEP 1

With a pencil start with an oval shape but with more of a point towards the bottom for Spidey's Jaw.

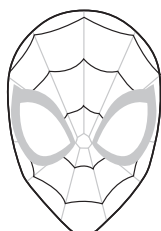

STEP 2

Add in lemon shapes for the eyes and then draw around them again for a thicker line.

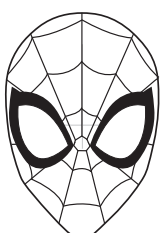

STEP 3

Draw a circle between his eyes. Draw one line going up and two going down then draw in the other lines around these.

STEP 4

Now draw in curved lines between the first lines. Three at the top and two at the bottom.

STEP 5

Now redraw over your pencil with a black pencil or pen to strengthen the lines.

STEP 6

Colour in with red and if you want to, add a darker red around the edges for shadow.
